

Got Web Host Launches SEO Hosting

Got Web Host provides hosting plans for companies concerned with Google's host crowding penalties associated with search engine optimization.

Wheatfield, IN (PRWEB) May 4, 2005 - Synergy-DTI.com is pleased to announce their launch of GotWebHost.com. Got Web Host provides hosting plans for companies concerned with Google's host crowding penalties associated with search engine optimization.

Got Web Host has been hosting websites since 2002. As times change, hosting needs change as well, to which we strive to bring the best hosting solutions to meet these changes. Multiple Class C IP's are difficult, if not impossible to find with most hosting companies. Many simply can not provide multiple dedicated IP's. Got Web Host's [SEO Hosting](#) now offers Multiple Class C IP's to their users. Many companies specializing in SEO have requested or search for hosting that provides this type of service, we bring it to you with many different packages.

Got Web Host's [SEO Hosting](#) provides the following features:

- Virtual packages with up to 15 IPs, with up to 15 individual Class C Subnets and multiple or private nameservers. Multiple data centers.
- Dedicated packages with up to 50 IPs, with up to 10 individual Class C Subnets and multiple private nameservers.
- Customized packages available upon request.
